

Don't worry about Another Flooring Failure!

Are you confident that your wood moisture meter is accurate enough to give you the precise readings you need to make the best business decision?

Put a new **Orion®** wood moisture meter from
Xxxxxx Xxxxxx in your toolbox...then leave your worries behind!

Accuracy matters when you are making hardwood floor installation decisions, no doubt about it. Now, you don't have to suffer the lingering worry that comes from using a moisture meter with questionable accuracy. **Xxxxxx Xxxxxx** introduces our new **Orion®** line of advanced and versatile wood moisture meters that offer complete assurance of accurate readings for the life of the meter.

Xxxxxx Xxxxxx has led the moisture measurement industry since **XXXX** by providing tested, trusted, and proven technology...backed by unmatched industry expertise, personal service, and product support. The **non-damaging, pinless technology** in the new **Orion®** series of wood moisture meters carry the **Xxxxxx** legacy of superior products forward with features such as:

- Dual depth settings to provide accurate flooring product moisture readings regardless of thickness.
- Temperature and relative humidity (RH) readings with data storage and Bluetooth® SMART link to the FloorSmart™ app for iOS® and Android™.
- **IntelliSense™** technology which measures **IN the wood...not ON the wood** and minimizes the effect of surface moisture on meter readings.
- On-site calibration capability makes the **Orion®** wood moisture meter **remarkably advanced and reliably accurate for the life of the meter**. No need to send it to the company for calibration...EVER. (No other meter has this capability!)

All **Orion®** wood moisture meters are supported by an **exclusive 7-year warranty**...found nowhere else in the industry!

- Providing far more wood area measurement per reading vs *pin meters*.
- Capable of reading lower moisture content than *pin meters*.
- Eliminating the cost of broken pins vs. *pin meters*

The new Xxxxxx Xxxxxx Orion® Wood Moisture Meters...

***Superior Accuracy, Advanced Technology,
and Incredible Versatility...in the Palm of Your Hand***
